

INDEX TO DEFENCE LIFE SCIENCE JOURNAL, VOLUME 4, 2019

TITLE INDEX

- Advances in Rapid Detection and Antimicrobial Susceptibility Tests: A Review, 12
- Biofuels for Defence Use: Past, Present and Future, 3
- Cell Permeabilisation, Microstructure and Quality of Dehydrated Apple Slices Treated with Pulsed Electric Field During Blanching, 38
- Effect of Critical Thinking on Cognitive Enhancement, 117
- Effect of Germination on Nutritional, Antinutritional and Rheological Characteristics of Quinoa (*Chenopodium quinoa*), 55
- Effect of Storage Temperature on Bio efficacy of Aqueous Extract of *Ganoderma lucidum*, 190
- ELISA Based Detection of Botulinum Neurotoxin Type 'F' in Red Meat and Canned Fish, 226
- Enhanced Production of Protective Antigen, a Potent Diagnostic Protein of *Bacillus anthracis*, the Causative Agent of Anthrax, 250
- Estimation of Stature from Different Anthropometric Measurements of Gorkha Soldiers, 33
- Evaluation of Diagnostic Potential of Recombinant Outer Membrane Protein (rOmp28) of *Brucella melitensis* for Serodiagnosis of Ovine and Caprine Brucellosis, 244
- Evaluation of DNA Extraction Methods of Mule Dung, 170
- Food Irradiation: Food Processing Technology for Food Safety and Security, 206
- Food Safety and Biosecurity, 205
- Heat Induced Oxidative Stress and Aberrations in Liver Function Leading to Hepatic Injury in Rats, 21
- HPLC-UV Quantitative Analysis of Acrylamide in Snack Foods of India, 45
- Image Automatic Categorisation using Selected Features Attained from Integrated Non-Subsampled Contourlet with Multiphase Level Sets, 67
- Implications of Biosecurity in Food Safety, 214
- Interaction of Radiofrequency Radiation with Biological Systems: A Comprehensive Update on Recent Challenges, 83
- Isolation and Characterisation of A *Bacillus* Phage from Equine Carcass Disposal Site, 61
- Macro micronutrients and Antioxidant Potentials of Plants and Fungal based Food from Tawang Area Arunachal Pradesh India, 182
- Mathematical Modelling the Drying Kinetics of Beetroot Strips during Convective Drying at Different Temperatures, 140
- Normal Body Mass Index and Heart Rate Variability, 175
- Nutritional Intervention during Chemical, Biological, Radiological, Nuclear Environments A Dietary Perspective, 122
- One-step Purification and Characterisation of Abrin Toxin from *Abrus precatorius* Seeds, 231
- Optimisation and Evaluation of Ricebean (*Vigna umbellata*) Extrusion Process for Downstream Food Processability, 130
- Passive Solar Greenhouse for Round The Year Vegetable Cultivation in Trans Himalayan Ladakh Region, India, 103
- Physico Chemical and Microbial Analysis of Different Sources of Water collected from Indora, Himachal Pradesh, India, 91
- Potential of Biocontrol Agents in Plant Disease Control for Improving Food Safety, 220
- Preservative Efficacy of *Illicium verum* Hook in Fruit Juices, 266
- Simultaneous Sachharification and Fermentation of Rice Residues and its Comparative Analysis for Bioethanol Production, 158
- Synthesis and Characterisation of Ligand Free Cadmium Imprinted Polymer for Sensing of Cd(II) from Aqueous Solution, 153
- Synthesis of 2, 5 Dimethyl Furan from Renewable Lignocellulosic Biomass, 96
- Target Detection Its Relation with Individual and Target Features, 197
- Temporal Variations in Fungal Bioaerosols in Outdoor Environment: A Three Year Study at Four Different Locations in Gwalior, Central India, 76
- Towards Protecting Critical National Assets and Preparedness for Response to Hazardous Chemical, Biological and Radiological Attacks, 256
- Toxicity Assessment of Biologically Degraded Product of Textile Dye Acid Red G, 236
- Yoga Intervention as a Potential Countermeasure for Polar T3 Syndrome, 163
